of the 5 second rule as a clinical psychologist dr nicole lepera found herself frustrated by the limitations of traditional psychotherapy wanting more for her patients and for herself she began a journey to develop a united philosophy of mental physical and spiritual health that equips people with the tools necessary to heal themselves after experiencing the life changing results herself she began to share what she d learned with others and the holistic psychologist was born now dr lepera is ready to share her much requested protocol with the world in how to do the work she offers both a manifesto for self healing and an essential guide to creating a more vibrant authentic and joyful life drawing on the latest research from both scientific research and healing modalities dr lepera helps us recognise how adverse experiences and trauma in childhood live with us keeping us stuck engaging in patterns of codependency emotional immaturity and trauma bonds unless addressed these self sabotaging behaviours can quickly become cyclical leaving people feeling unhappy unfulfilled and unwell in how to do the work dr lepera offers readers the support and tools that will allow them to break free from destructive behaviours to reclaim and recreate their lives nothing short of a paradigm shift this is a celebration of empowerment that will forever change the way we approach mental wellness and self care now available in paperback with a new preface and interview with jessica livingston about y combinator founders at work stories of startups early days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days these people are celebrities now what was it like when they were just a couple friends with an idea

**founders like steve wozniak apple caterina fake flickr mitch kapor lotus max levchin paypal and sabeer bhatia hotmail tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company where did they get the ideas that made them rich how did they convince investors to back them what went wrong and how did they recover nearly all technical people have thought of one day starting or working for a startup for them this book is the closest you can come to being a fly on the wall at a successful startup to learn how it s done but ultimately these interviews are required reading for anyone who wants to understand business because startups are business reduced to its essence the reason their founders become rich is that startups do what businesses do create value more intensively than almost any other part of the economy how what are the secrets that make successful startups so insanely productive read this book and let the founders themselves tell you silence always has something to say it s never neutral and speaks volumes if people are willing to hear this book explores the importance of understanding silence and voice in leadership and organisational life and shows how we can move from merely listening to truly hearing those around us how work stole our lives and what we can do about it sociological social work is a lifelong social work practice which is animated by a sociological perspective social workers shorthand orientations such as strengths perspective task centred or humanistic to name but a few as a way to identify their philosophical and theoretical approaches in professional life whilst some texts have examined sociology for social work this text instead proposes that sociological social work is a**

legitimate and theoretically rich orientation and this book demonstrates what sociological social work looks like in our rapidly changing world this text will equip students and practitioners with a way to think sociologically not just while they are studying but as an ever present reference for making sense of social work purpose and how this is realised in a transforming world this follows an established tradition in social work literature but this book elevates and names the importance of this approach which we argue is critically needed if social work is to achieve its agenda in transformative social political economic and environmental contexts the current landscape in which we live is one that is characterised by rapid changes which have implications for the life experiences of those with whom social workers work social justice advocacy agendas and for fulfilling the purpose of social work more generally this book is essential reading for those looking to keep up with these changes do you have a job do you keep a record of what you do on your job did you know that setting aside 15 minutes at the end of the day to record in a work log and reflect on your day can boost your efficiency and thus impact your career success in addition to this a work log is a record of actions events accomplishments and incidences record activities in your work log hourly daily weekly or even monthly but why is it important to keep a work log a work log a helps to keep a record of your daily activities such as clocking in and clocking out times b helps to record tasks that you accomplish throughout the day c can be used to keep only important information without too much detail d allows you to record when and who gives you a task or to whom you give a task e allows for easier preparation of
