***Biographies in the Global South 2018-11-20
life stories embedded in figurations and
discourses research into biography has
historically focused almost wholly on the
lives of people in the wealthier nations of
the global north this book corrects that
with a focus on the biographical histories
of people seen as part of larger groups or
collectives whether religious or political
from the global south with a particular
focus on africa and the middle east taking***

the perspective of biographical research and figurational sociology the essays gathered here break new ground in the study of biography

Security at the Borders 2018-07-05 philippe m frowd shows how tightening border security in west africa is a statebuilding practice underpinned by international and local security officials and technologies

The Militarization of the European Union 2017-09-29 from the establishment of nato in 1949 western europe has been under anglo american tutelage in military and security matters several countries most notably france and since reunification germany have experienced this as a hindrance to the pursuit of their particular interests since 2008 the european commission has actively joined the quest for strategic autonomy within nato the elections of donald trump and emmanuel macron in 2016 17 further widened the atlantic rift while the covid 19 crisis with its colossal economic costs has in turn exacerbated the already worsening geopolitical tensions with states like russia and china with chapters on the politics and economics of european defence on france germany and russia the eu s energy provision the militarization of migration

control and the restructuring of the transatlantic bond this volume offers an up to date critical assessment of the militarization of european integration written by established scholars in the fields of international relations and security studies

Identity Discourses about Spain and Catalonia in News Media 2017-10-10 the irtad road safety annual report 2017 provides an overview of road safety performance for 2015 in 40 countries with preliminary data for 2016 and detailed reports for each country it includes tables with cross country comparisons on key safety indicators the report outlines the most

Miedo y vallas 2022-11-15 this insightful book analyzes the evolution of the operational tasks and cooperation of the european border and coast guard agency frontex the european asylum support office easo and the european union agency for law enforcement cooperation europol exploring the recent expansion of the legal mandates of these decentralized eu agencies and the activities they undertake in practice david fernández rojo offers a critical assessment of the eu migration agencies

Global Renewal Christianity 2016-11-24 this

book covers various aspects of leadership in critical situations and under extreme conditions today s leaders often face challenging situations or unexpected difficulties and mastering these requires a wide spectrum of competencies such as creativity courage and empathy therefore this book provides an interdisciplinary approach including both theoretical concepts and practical findings relevant to optimizing leadership in extreme situations issues such as why people act as they do in stressful and extreme situations or what constitutes the nexus between leadership followership organizations and culture etc are addressed leadership under extreme conditions is a very complex topic and one that has been approached from a variety of perspectives the contributions to this volume thus originate from various academic disciplines including political science social sciences psychology and philosophy insights from the study of in extremis leadership can help researchers and practitioners understand the individual team and contextual factors that influence leadership and ultimately organizational efficiency and effectiveness leadership in extreme situations is a collection of

contributions by selected scholars and field experts it addresses key issues of leadership morale and cohesion as well as ethical questions provides an ideal entry into the complex world of advanced leadership and serves as a practical guide for the successful implementation of modern leadership

Coronavirus vol 2 2021-11-22 cognitive sociolinguistics draws on the rich theoretical framework of cognitive linguistics and focuses on the social factors that underlie the variability of meaning and conceptualization in the last decade the field has expanded in various way the current volume takes stock of current and emerging advances in the field in short academic contributions the studies collected in this book have a usage based approach to language variation and change drawing on the theoretical framework of cognitive linguistics and are sensitive to social variation be it cross linguistic or language internal three types of contributions are collected in this book first it contains theoretical overview papers on the domains that have witnessed expansion in recent years second it presents novel research ideas in proof of concept contributions

aimed at blue sky research and out of the box linguistic analyses third it showcases recent empirical studies within the field by combining these three types of contributions the book provides an encompassing overview of novel developments in the field of cognitive sociolinguistics

Organized Crime, Fear and Peacebuilding in Mexico 2016-08-25 en lo que se ha convertido en la peor crisis global de refugiados desde el final de la segunda guerra mundial europa ha visto a lo largo de 2015 cómo llegaba a sus costas de manera irregular un número sin precedentes de personas

Special Educational Needs 2019-12-10 this book follows the journeys of those fleeing war poverty or political crises risking their lives as they attempt to find sanctuary in europe over the past 25 years almost 40 000 migrants have been reported missing or died due to drowning or exhaustion on the borders of europe 6 000 migrants died in 2016 alone making it the deadliest year on record growing numbers of arrivals since 2015 have caused a wave of panic to sweep across the countries of the european union which has responded with an increasingly entrenched policy the only one it considers appropriate of fortifying its

external borders as a result numerous walls and fences have sprung up to regulate the flows new camps have been opened and reception centres have been set up beyond the frontiers of europe all accompanied by the steady militarisation of surveillance and repression the eu has thus been just as active in precipitating this migrant crisis as it has been in prolonging its effects indeed this crisis calls into question the entire european system for border management and policies on immigration and reception deconstructing preconceptions changing the way we see others probing borders and mapping the nexus of control and detention the collection of articles maps photographs and illustrations in this atlas provide an important critical geography of migration policies perfect for journalists activists students of geopolitics at school or university this atlas seeks above all to give migrants a voice

Jihadism, Foreign Fighters and Radicalization in the EU 2016-11-03 jihadism foreign fighters and radicalization in the eu addresses the organizational and strategic changes in terrorism in europe as a result of urban jihadism and the influx of foreign fighters of european nationality or

residence examining the different types of responses to the treatment of radicalization and its consequences in the recruitment of young urban fighters and jihadists this book offers a framework for understanding the process of violent radicalization it critically analyses political and legal responses that have taken place within the european framework whilst also examining a series of functional responses from social and behavioural psychology this book then goes on to develop an explanatory model from an economic standpoint exploring the need to adapt the fight against the financing of terrorism to the changes in the sources of financing jihadist cells and foreign fighters furthermore the volume draws on experience from the prison sector to assess the process of radicalization and the possibilities of intervention taking an interdisciplinary approach this book will be of great interest to students of terrorism and counter terrorism radicalization european politics radical islam and security studies

Transitional Justice 2018-12-22 franco lives on traces the birth of democracy in spain in 1978 after forty years under franco s dictatorship it reveals the hidden side of what happened during the spanish transition

this study is the key to understanding the opaque workings of justice and the incapability of dialogue shown by the political powers in madrid in recent years in response to challenges such as the referendum in catalonia or the demise of eta what became of franco s ministers after the arrival of the new spanish constitution were they driven out of the corridors of power or did they stay there and add to their wealth and political influence the answers can be found in this book which spotlights how the political elite in spain have lacked the capacity for renewal seen in other european union states the author lluc salellas i vilar has produced an extensive piece of investigative journalism on the families and individuals who wielded greatest influence during the dictatorship and the role which they and their relatives have continued to play ever since

***Cognitive Sociolinguistics Revisited
2015-12-07 published with the support of
austrian science fund fwf pub 644 g***

***Leadership in Extreme Situations 2018-06-27
the book focuses on the psychosocial effects
that organized crime related violence has
produced in mexico it connects one of the
major worries of our times terrorism with***

the conditions of peacelessness that prevail in Mexico specifically the project explores the role played by fear as a peace disruptor as well as one of the most important obstacles to social and democratic development and inclusiveness the volume contributes to the debate on whether the escalation of violence in Mexico since 2006 has produced circumstances similar to those countries that suffer terrorism and to what degree that discussion can help in the construction of a more democratic and inclusive society

Using Open Data to Detect Organized Crime Threats 2017-04-07 this work provides an innovative look at the use of open data for extracting information to detect and prevent crime and also explores the link between terrorism and organized crime in counter terrorism and other forms of crime prevention foresight about potential threats is vitally important and this information is increasingly available via electronic data sources such as social media communications however the amount and quality of these sources is varied and researchers and law enforcement need guidance about when and how to extract useful information from them the emergence of these crime threats such as

communication between organized crime networks and radicalization towards terrorism is driven by a combination of political economic social technological legal and environmental factors the contributions to this volume represent a major step by researchers to systematically collect filter interpret and use the information available for the purposes of this book the only data sources used are publicly available sources which can be accessed legally and ethically this work will be of interest to researchers in criminology and criminal justice particularly in police science organized crime counter terrorism and crime science it will also be of interest to those in related fields such as applications of computer science and data mining public policy and business intelligence

Comparative Policing from a Legal Perspective 2015 the global growth of private security services signals a significant shift in the production of the most traditional good provided by modern nation states security this systematic mixed methods analysis linking output and process oriented policy theories shows patterns and mechanisms of how political factors like

party dominance drive the development of private security policy and industry based in comparative policy analysis it asks what accounts for the differences in the policies toward and the outcomes of private security between eu member states

EU Migration Agencies

The Atlas of Migration in Europe 2018-02-22 with its focus on recent detective series featuring female investigators this collection analyzes the authors treatment of current social political and economic problems in spain and beyond in addition to exploring interrelations between gender globalization the environment and technology the contributions here reveal the varied ways in which the use of a series allows for a deeper consideration of such issues in addition to permitting the more extensive development of the protagonist investigator and her reactions to and methods of dealing with personal and professional challenges of the twenty first century in these stories the authors employ strategies that break with long standing conventions developing crime fiction in unexpected ways incorporating elements of science fiction the supernatural and the historical novel as well as varied geographical settings small

towns provincial cities and rural communities beyond the urban environment all of which contributes to the reinvigoration of the genre

The Good Drone nl arms 2016 offers a collection of studies on the interrelatedness of safety and security in military organizations so as to anticipate or even prepare for dire situations the volume contains a wide spectrum of contributions on organizing for safety and security in a military context that are theoretically as well as empirically relevant theoretically the contributions draw upon international security studies safety science and organizational studies empirically case studies address the reality of safety and security in national crisis management logistics and unconventional warfare focusing amongst others on rule of law during missions in which expeditionary military forces are involved in policing tasks to restore and reinforce safety and security and on the impact of rule of law on societal security the result is a truly unique volume that may serve practitioners policymakers and academics in gaining a better understanding of organizing for the security safety nexus

Keeping Children Safe in Education 2001
from the award winning author of *American Canopy* a dazzling account of the world's longest road the pan american highway and the epic quest to link north and south america a dramatic story of commerce technology politics and the divergent fates of the americas in the nineteenth and twentieth centuries the pan american highway monument to a century's worth of diplomacy and investment education and engineering scandal and sweat is the longest road in the world passable everywhere save the mythic darien gap that straddles panama and colombia the highway's history however has long remained a mystery a story scattered among government archives private papers and fading memories in contrast to the panama canal and its vast literature the pan american highway the united states other great twentieth century hemispheric infrastructure project has become an orphan of the past effectively erased from the story of the american century the longest line on the map uncovers this incredible tale for the first time and weaves it into a tapestry that fascinates informs and delights rutkow's narrative forces the reader to take seriously the question why

couldn't the Americas have become a single region that is and not two near irreconcilable halves that are whether you're fascinated by the history of the Americas or you've dreamed of driving around the globe or you simply love world records and the stories behind them the longest line on the map is a riveting narrative a lost epic of hemispheric scale

The United Nations Convention Against Torture and Its Optional Protocol 2021-01-29 while the military use of drones has been the subject of much scrutiny the use of drones for humanitarian purposes has so far received little attention as the starting point for this study it is argued that the prospect of using drones for humanitarian and other life saving activities has produced an alternative discourse on drones dedicated to developing and publicizing the endless possibilities that drones have for doing good furthermore it is suggested that the good drone narrative has been appropriated back into the drone warfare discourse as a strategy to make war more human this book explores the role of the good drone as an organizing narrative for political projects technology development and humanitarian action its contribution to

the debate is to take stock of the multiple logics and rationales according to which drones are good with a primary objective to initiate a critical conversation about the political currency of good this study recognizes the many possibilities for the use of drones and takes these possibilities seriously by critically examining the difference the drones functionalities can make but also what difference the presence of drones themselves as unmanned and flying objects make discussed and analysed are the implications for the drone industry user communities and the areas of crisis where drones are deployed

*Competing Values in Archaeological Heritage
2017-11-16 archaeological heritage
legislation aims to ensure the best possible protection for the archaeological heritage yet it remains the case that legislation can remain ineffective through other practical considerations some consideration may be legal or procedural such as difficulties in enforcing legislation or in preventing crimes or damage or archaeological monuments however other problems may be less obvious and harder to address and require solutions which go much further than the simple application of the law the aim of this*

volume is to address several issues surrounding the management of archaeological heritage comparing and contrasting which laws work and which ones do not and ignoring other issues which might effectively present the transplantation of an ideal system to another country or political climate or the cultural attitudes which might prevent a law working in the legal system for which it was designed the contributions are from various international jurisdictions and address a variety of subjects from the protection of archaeological monuments to dealing with and controlling chance finds made by members of the public

**The Secret of Vesalius 2017-08-17
frankenstein meets the shadow of the wind in a gothic thriller set in the diabolical city of fin de siecle barcelona daniel amat has left spain and all that happened there behind him having just achieved a brilliant role in ancient languages at oxford university and an even more advantageous engagement the arrival of a letter a demand stamped barcelona comes like a cold hand from behind he arrives back in that old labyrinthine and near mythic city a few days before the great 1888 world fair amid dread whispers of murders the injuries reminiscent**

of an ancient curse and bearing signs of the genius 16th century anatomist vesalius daniel is soon pulled into the depths of the crime and eventually into the tunnels below barcelona where his own dark past and the future of science are joined in a terrible venture to bring the secret of vesalius to life gothic and gripping this historical thriller makes of barcelona a diabolical character emerging out of the dark into a new electrical age aflame with spirit superstition and science published in eighteen countries jordi llobregat s bestselling first novel mixes a passionate setting and cryptic mystery into a genre crossing phenomenon

Spanish Women Authors of Serial Crime Fiction 2017 metapragmatics of humor current research trends contributes to a new area in the pragmatics of humor its conception as a metapragmatic ability the book collects thirteen chapters organized into three parts revisions and applications of general theory of verbal humor gtvh in a metapragmatic context metapragmatic awareness of humor across textual modes and metapragmatic practices within the acquisition of humor thus this book provides an up to date panorama of this field where metapragmatic

abilities are described in adults as well as in children on humorous and non humorous genres jokes cartoons humorous monologues parodies conversation twitter and using several approaches such as gtvh multimodality conversational analysis eye tracking methodology etc

Violence and Victimhood in Hispanic Crime Fiction 2018-07-26 at the heart of crime fiction is an investigation into an act of violence studies of the genre have generally centered on the relationship between the criminal and the investigator focusing on contemporary crime fiction from the spanish speaking world this collection of new essays explores the role of the victim contributors discuss how the definition of victim the nature of the crime the identification of the body and its treatment by authorities reflect shifting social landscapes changing demographics economic crises and political corruption and instability

Guardia Civil 2023. Escala de Cabos y Guardias. Temario SINTETIZADO.

Franco Lives On 2019-11-22 news media are principal actors in the development of national identities they have the ability to construct them maintain them or divide them identity discourses about spain and

catalonia in news media explores the historical and contemporary role of journalism in the relationship between catalonia and spain with more than seven million inhabitants catalonia is a region of spain with historical economic strength and a unique culture for centuries but recently at an escalating pace a large part of the catalan population has expressed the desire to secede from spain constituting a prototypical case study for secessionism among developed countries this book explains how news media have constructed catalan and spanish identities as different from one other suggesting that journalism can play a crucial role in secessionist politics

The Dynamics of Masculinity in Contemporary Spanish Culture 2021-01-19 16 identifying the male language humor and gender performance in companyia t de teatre s homes index

N equals 1 2019 public police forces are a regular phenomenon in most jurisdictions around the world yet their highly divergent legal context draws surprisingly little attention bringing together a wide range of police experts from all around the world this book provides an overview of traditional and emerging fields of public

policing new material and findings are presented with an international comparative perspective it is a must read for students of policing security and law and professionals in related fields

Liquid Nationalism and State Partitions in Europe 2021-09-01 this timely book offers an in depth exploration of state partitions and the history of nationalism in europe from the enlightenment onwards stefano bianchini compares traditional national democratic development to the growing transnational demands of representation with a focus on transnational mobility and empathy versus national localism against the eu project in an era of multilevel identity global economic and asylum seeker crises nationalism is becoming more liquid which in turn strengthens the attractiveness of ethnic purity and partitions affects state stability and the nature of national democracy in europe the result may be exposure to the risk of new wars rather than enhanced guarantees of peace

Human Security and Migration in Europe's Southern Borders 2018-12-13 this book examines the management of migratory flows in the mediterranean within an international security perspective the intense migratory

flows registered during the year 2015 and the tragedies in the mediterranean sea have tested the mechanisms of the union s immigration and asylum policies and its ability to respond to humanitarian crises moreover these flows of varying intensities and geographies represent a threat to the internal security of the eu and its member states by using spain and italy as case studies the author theorizes that the eu given its inability to adopt and implement a common policy to effectively manage migratory flows on its southern border uses a deterrence strategy based on minimum common denominators
