and the problems of accommodating different and resistant cultures to a single centralizing polity the contributors are sarah barber toby barnard ciaran brady keith m brown jane dawson steven g ellis david hayton philip jenkins alan macinnes michael mac craith and john morrill the british history series tells the story of the people and changing landscape of britain it aims to bring people and events to life and set them in a historical context this title explores tudors and stuart and readers can find out amongst other things what the reformation was who the six wives of henry viii were how the great fire of london started and why charles i was beheaded book 1 describes the history of england from the old stone age to the wars of the roses book 2 describes the history of england in the tudor and stuart times 1485 1714 book 3 describes the history of england from the reign of george 1 to the parliamentary reforms of 1835 book 4 describes the history of england from victorian to modern times this set includes early modern england 1485 1714 a narrative history 2nd edition by robert bucholz and newton key 978 1 4051 6275 3 and sources and debates in english history 1485 1714 2nd edition edited by newton key and robert bucholz 978 1 4051 6276 0 the second edition of early modern england the bestselling narrative history has been revised and expanded to reflect recent scholarship the book traces the transformation of england during the tudor stuart period from feudal european state to a constitutional monarchy and the wealthiest and most powerful nation on earth sources and debates in english history is designed to accompany the survey text the second edition has been updated and expanded and brings

together an impressive array of tudor stuart documents and illustrations as well as extensive bibliographies and research and discussion guides written by two leading scholars and experienced teachers of the subject these books assume no prior knowledge of british history and provide a comprehensive and vivid introduction to the period this two volume narrative of english history draws on the most up to date primary and secondary research encouraging students to interpret the full range of england s social economic cultural and political past a history of england volume 1 prehistory to 1714 focuses on the most important developments in the history of england through the early 18th century topics include the viking and norman conquests of the 11th century the creation of the monarchy the reformation and the glorious revolution of 1688 tudor and stuart britain charts the political religious economic and social history of britain from the start of henry vii s reign in 1485 to the death of queen anne in 1714 providing students and lecturers with a detailed chronological narrative of significant events such as the reformation the nature of tudor government the english civil war the interregnum and the restoration of the monarchy this fourth edition has been fully updated and each chapter now begins with an introductory overview of the topic being discussed in which important and current historical debates are highlighted other new features of the book include a closer examination of the image and style of leadership that different monarchs projected during their reigns greater coverage of phillip ii and mary i as joint monarchs new sections exploring witchcraft during the period and the urban sector in the stuart age and increased

discussion of the english civil war of oliver cromwell and of cromwellian rule during the 1650s also containing an entirely rewritten guide to further reading and enhanced by a wide selection of maps and illustrations tudor and stuart britain is an excellent resource for both students and teachers of this period this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public to ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant the second edition of this bestselling narrative history has been revised and expanded to reflect recent scholarship the book traces the transformation of england during the tudor stuart period from feudal european state to a constitutional monarchy and the wealthiest and most powerful nation on earth written by two leading scholars and experienced teachers of the subject assuming no prior knowledge of british history provides student aids such as maps illustrations genealogies and glossary this edition reflects recent scholarship on henry viii and the civil war extends coverage of the reformations the rump

and barebone s parliament cromwellian settlement of ireland and the european scottish and irish contexts of the restoration and revolution of 1688 9 includes a new section on women s roles and the historiography of women and gender click here for more discussion and debate on the authors blogspot earlymodernengland blogspot com wiley disclaims all responsibility and liability for the content of any third party websites that can be linked to from this website users assume sole responsibility for accessing third party websites and the use of any content appearing on such websites any views expressed in such websites are the views of the authors of the content appearing on those websites and not the views of wiley or its affiliates nor do they in any way represent an endorsement by wiley or its affiliates this book is the first major study of courtship in early modern england courtship was a vitally important process in early modern england it was a period of private and public negotiation often fraught with anxiety if completed successfully it brought respectability the privileges of marriage and adulthood and a stable union between socially economically and emotionally compatible couples using kent church court and probate material dating from the 15th to the end of the 16th century the book blends historical and anthropological perspectives to suggest novel and exciting approaches to the making of marriage drawing upon a myriad of primary and secondary historical sources the royal doctors medical personnel at the tudor and stuart courts investigates the influential individuals who attended england s most important patients during a pivotal epoch in the evolution of the state and the medical profession over three hundred men

and a handful of women heretofore unexamined as a group made up the medical staff of the tudor and stuart kings and queens of england as well as the lord protectorships of oliver and richard cromwell the royal doctors faced enormous challenges in the sixteenth and seventeenth centuries from diseases that respected no rank and threatened the very security of the realm moreover they had to weather political and religious upheavals that led to regicide and revolution as well as cope with sharp theoretical and jurisdictional divisions within english medicine the rulers often interceded in medical controversies at the behest of their royal doctors bringing sovereign authority to bear on the condition of medicine elizabeth lane furdell is professor of history at the university of northflorida praise for the author for anyone researching the subject this is the book you've been waiting for washington post from the death of richard iii on bosworth field in 1485 to the execution of charles i after the civil wars of 1642-48 england was transformed by two dynasties first the tudors who had won the crown on the battlefield changed both the nature of kingship and the nation itself england became protestant and began to establish itself as a trading power facing down seemingly impossible odds it defeated its enemies on land and sea but after a century elizabeth i died with no heir and the crown was passed to the stuarts who sought to remould the kingdom in their own image leading authority on the history of the british isles in the sixteenth and seventeenth centuries ronald hutton brilliantly recreates the political landscape of this early modern period and shows how the modern nation was forged in these febrile transformative years combining

skilful pen portraits of the leading figures of the day with descriptions of its culture economics and vivid accounts of everyday life hutton provides telling insights into this critical period on britain s national history this the second book in the landmark four volume brief history of britain which brings together leading historians to tell britain s story from the norman conquest of 1066 to the present day combining the latest research with accessible and entertaining story telling the series is the ideal introduction for students and general readers
