this study of the changing relationships between burial rituals and social structure in early iron age greece will be required reading for all archaeologists working with burial evidence in whatever period this book differs from many topical studies of state formation in that unique and particular developments are given as much weight as those factors which are common to all early states the ancient literary evidence and the relevant historical and anthropological comparisons are extensively drawn on in an attempt to explain the transition to the city state a development which was to have decisive effects for the subsequent development of european society a clear introductory overview of the issues surrounding gene patenting in a world thought to have been created an astonishing variety of theatrical performances may be seen today in the eight countries of southeast asia burma cambodia indonesia laos malaysia the philippines thailand and vietnam james brandon spent more than three years observing and interviewing troupe members in these countries he describes twenty five of the most important theatrical forms grouping them according to their origins as folk court popular or western theatre he considers the theatre from four perspectives its origins its art its role as a social institution and its function as a medium of communication and propaganda brandon s wide ranging and lively discussion points out interesting similarities and differences among the countries and many of his superb photographs are included here a moving story of the former empress of iran now in paperback at the age of twenty one farah diba married the shah of iran mohammed reza shah pahlavi a loving marriage the raising of four children and a devotion to social and cultural causes marked her early years as queen although there were already signs of grave national diversions on the horizon twenty years later the dream had turned into a nightmare demonstrations and riots shook the country and farah and the shah decided to leave in order to avoid bloodshed with the hardcover publication of an enduring love a new york times bestseller extended list in 2004 farah diba wife of the last emperor of iran broke her silence and told the wrenching story of her love for a man and his country her compelling memoir offers an intimate view of a time of upheaval but stands above all as a powerful human document from one whose life was caught up in an epic and tragic national struggle first published in 1985 marriage and morals won bertrand russell the nobel prize for literature in 1950 with his customary wit and clarity russell explores the changing role of marriage the codes of sexual ethics and the question of population by what codes should we live our sexual lives every aspect from the origin of marriage to the values of a healthy sex life from the influence of religion psychoanalysis and taboos to the possibilities of eugenics receives the incisive scrutiny of russell s intellect here is the passionate sceptic at his most vigorous alamut takes place in 11th century persia in the fortress of alamut where self proclaimed prophet hasan ibn sabbah is setting up his mad but brilliant plan to rule the region with a handful of elite fighters who are to become his living daggers by creating a virtual paradise at alamut filled with beautiful women lush gardens wine and hashish sabbah is able to convince his young fighters that they can reach paradise if they follow his commands with parallels to osama bin laden alamut tells the story of how sabbah was able to instill fear into the ruling class by creating a small army of devotees who were willing to kill and be killed in order to achieve paradise believing in the supreme ismaili motto nothing is true everything is permitted sabbah wanted to experiment with how far he could manipulate religious devotion for his own political gain through appealing to what he called the stupidity and gullibility of people and their passion for pleasure and selfish desires the novel focuses on sabbah as he unveils his plan to his inner circle and on two of his young followers the beautiful slave girl halima who has come to

alamut to join sabbah's paradise on earth and young ibn tahir sabbah's most gifted fighter as both halima and ibn tahir become disillusioned with sabbah's vision their lives take unexpected turns alamut was originally written in 1938 as an allegory to mussolini's fascist state in the 1960s it became a cult favorite throughout tito's yugoslavia and in the 1990s during the balkan's war it was read as an allegory of the region's strife and became a bestseller in germany france and spain following the attacks of september 11 2001 the book once again took on a new life selling more than 20 000 copies in a new slovenian edition and being translated around the world in more than 19 languages this edition translated by michael biggins in the first ever english translation until quite recently it has been the accepted view that the archaic period of greek history was by definition merely a prelude to the classical period an era regarded as unsurpassed in its literary intellectual artistic and political achievements lately however historians and archaeologists have undertaken a major reappraisal of their subject professor snodgrass shows how the supremacy of classical greece would have been impossible without the preceding centuries of the archaic period it established the economic basis of greek society it drew the political map of the greek world in a form that was to endure for four centuries it set up the forms of state that were to determine greek political history it provided the interests and goals not merely for greek but for western art as a whole which were to be pursued over the next two and a half millennia it gave greece in the homeric epics an ideal of behavior and a memento of past glory to sustain it and it provided much of the basis of greek religion archaic greece gives a broad cultural history of the period from publisher's description covers the origins of sufism and early influences particularly from christianity the rise of the great sufi organizations the thought of sufism's main theorist and systemizer ibn arabi rumi and the whirling dervishes relations with shi'ism in iran sufism in the heyday of the great empires in iran india and turkey and relations with turkey and egypt during the nineteenth century as well as sufi practices in the twentieth century page 4 of cover stimulating succinct and accessible this highly successful text offers a truly comprehensive introduction to the study of politics written from an international perspective this third edition of politics has a new chapter on the mass media and political communication and contains substantial new material on developments such as the war on terror identity politics and multiculturalism and state transformation it also takes into account throughout of the increasing importance of the global dimension of politics and features new boxed material on major thinkers and key concepts the ancient greco-roman world was a world of cities in a distinctive sense of communities in which countryside was dominated by urban centre this volume of papers written by influential archaeologists and historians seeks to bring together the two disciplines in exploring the city-country relationship this work describes the beliefs customs and traditions of this tribe from the ekat district the building materials covered by the concise encyclopedia of building and construction materials are classified in three groups structural materials semistructural materials and auxiliary materials a partisan but fascinating 1923 account of grace ellison's visit to angora ankara the new capital of the turkish republic in its emphasis on the text as a complex abstraction much of the most influential recent work in criticism and theory has distanced itself from the traditional social and cultural questions of literary scholarship in literature and society seven critics consider anew the situation of writing in history and human society their contributions deal with the subject from many viewpoints all of which are informed but not overwhelmed by current trends in modern critical theory from publisher's description when handan sarp a soprano at the istanbul city opera meets elem a young seamstress her world is rent asunder handan struggles to come to terms with herself as a lesbian in a society in which same sex love is vilified and opera is seen as the domain of the elite handan has always questioned socially accepted notions of love sex and morality but her revolt comes with a bitter price to pay page 4 of cover rabbi sabbatai sevi is one of the most controversial religious figures in all history in the lost messiah acclaimed author john freely follows sevi's trail and the traces of the jewish cult that grew up around him one that still inspires belief today brilliantly evoking the vanished world of the seventeenth century jewish

diaspora in the ottoman empire the narrative moves from sevi s birthplace in izmir on the aegean coast of turkey to the ghettos of venice and rome the bazaars of cairo and the rabbinical schools of jerusalem and safed all the while placing the exotic story into magnificent context with details of the state of the current jewish communities in these areas as damian thompson wrote in the mail on sunday everything in this book is astonishing the result of thirty years of research and travel the lost messiah deftly interweaves the work of respected scholars including the pioneering writings of gershom scholem along with freely s own firsthand knowledge of ancient and contemporary turkey and its environs from the theoretical and practical background of sevi s messianic movement and its emergence from the mysticism of the kabbalah freely describes the many early unorthodoxies that turned many in sevi s community against him and then goes on to provide explanations for how and why sevi nevertheless acquired an international following that continued to support and believe in him even after his shocking apostasy and conversion to islam in the year 1666 scholarly and comprehensive yet accessible this state of the science work is widely regarded as the definitive graduate level psychology of religion text the authors synthesize classic and contemporary empirical research on numerous different religious groups coverage includes religious thought belief and behavior across the lifespan links between religion and biology the forms and meaning of religious experience the social psychology of religious organizations and connections to morality coping mental health and psychopathology every chapter features thought provoking quotations and examples that bring key concepts to life new to this edition revised and updated with the latest theories methods and empirical findings many new research examples restructured with fewer chapters for better fit with a typical semester more attention to the differences between religion and spirituality covers emerging topics genetics and neurobiology positive psychology atheism and more open city is the theme of the 4th international architecture biennial rotterdam open city designing coexistence is the publication to accompany this international event which will be held in rotterdam from 24 september 2009 to 10 january 2010 the book demonstrates the crucial role that architecture and urban design can play to enable access and facilitate coexistence to stimulate conditions for an open city accessible city today the open city is a tenuous notion as our cities grow and diversify social and cultural groups struggle to coexist and make conflicting demands on the city s resources for many the opportunities the city promizes are scarce or unattainable how can our cities provide access for all in this millenium part 1 dimensions the open city does not have latitude or longitude but it exists in our imagination in part 1 writers from different disciplines sociology ethnography geography law history economy and urban design map various theoretical dimensions of the open city and consider the global forces that challenge it part 2 situations the open city is not a place but a condition it has no masterplan each context requires a distinct approach part 2 of this book documents work by international architects urban designers and activists who were asked to initiate and implement projects for an open city in urban situations that are currently in flux ethics of science is a comprehensive and student friendly introduction to the study of ethics in science and scientific research the book covers science and ethics ethical theory and applications science as a profession standards of ethical conduct in science objectivity in research ethical issues in the laboratory the scientist in society toward a more ethical science actual case studies include baltimore affair cold fusion milikan s oil drop experiments human and animal cloning cold war experiments strategic defence initiative the challenger accident tobacco research this anthology surveys more than 2 000 years of jewish christian and muslim commentary and debate on the biblical story that continues to raise questions about what it means to be a man or to be a woman the a to z of philosophy is a concise and accessible introduction to a fascinating subject ideal for the general reader or first year student this a to z guide covers all the key terms concepts and thinkers the book offers more than 100 jargon free entries on topics from animal ethics to wittgenstein and includes witty anecdotes and handy tips on further reading no prior knowledge of philosophy is required to enjoy this reader friendly guide this is the ideal reference tool for anyone starting out in philosophy in this newly rediscovered memoir bonnie bremsers ex

wife of beat poet ray bremsler chronicles her life on the run from the law in the early sixties when ray fled to mexico in 1961 to avoid imprisonment for armed robbery a crime he claimed he did not commit bonnie followed with their baby daughter rachel in a foreign country with no money and little knowledge of the language bonnie was forced into a life of prostitution to support her family and their drug habit just twenty three years old bonnie was young and inexperienced but very much in love with her husband indeed she was ready to go to any lengths in an attempt to keep their small family alive and together even if it meant becoming une troia the genesis of east asia examines in a comprehensive and novel way the critically formative period when a culturally coherent geopolitical region identifiable as east asia first took shape by sifting through an impressive array of both primary material and modern interpretations charles holcombe unravels what east asia means and why he brings to bear archaeological textual and linguistic evidence to elucidate how the region developed through mutual stimulation and consolidation from its highly plural origins into what we now think of as the nation states of china japan korea and vietnam beginning with the qin dynasty conquest of 221 b c which brought large portions of what are now korea and vietnam within china s frontiers the book goes on to examine the period of intense interaction that followed with the many scattered local tribal cultures then under china s imperial sway as well as across its borders even the distant japanese islands could not escape being profoundly transformed by developments on the mainland eventually under the looming shadow of the chinese empire independent native states and civilizations matured for the first time in both japan and korea and one frontier region later known as vietnam moved toward independence exhaustively researched and engagingly written this study of state formation in east asia will be required reading for students and scholars of ancient and medieval east asian history it will be invaluable as well to anyone interested in the problems of ethno nationalism in the post cold war era explores the cuisine of the mediterranean in ancient times from 750 b c to a d 450 overcoming shyness and social phobia provides a detailed program for eliminating social anxieties based on the latest cognitive behavioral treatments for social phobia a jason aronson book the oxford handbooks series is a major new initiative in academic publishing each volume offers an authoritative and up to date survey of original research in a particular subject area specially commissioned essays from leading figures in the discipline give critical examinations of the progress and direction of debates biblical studies is a highly technical and diverse field study of the bible demands expertise in fields ranging from archaeology egyptology assyriology and linguistics through textual historical and sociological studies to literary theory feminism philosophy and theology to name only some this authoritative and compelling guide to the discipline will therefore be an invaluable reference work for all students and academics who want to explore more fully essential topics in biblical studies
